Amendment of 73.202 (b)) MB Docket No. _____
Table of Allotments)
FM Broadcast Stations)
(Lockney, TX)

To: John Karousos, Assistant Chief
Audio Division of the
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford
respectfully petitions the FCC to institute a Rule Making
proceeding to amend the FM Table of Allotments to add
Channel 271C3 at Lockney, Texas.

DISCUSSION

Petitioner respectfully submits that the public
interest would be served by allocating Channel 271C3 to
Lockney, Texas as that community's first local FM service.
Lockney, Texas is an incorporated city with a population of
2,207 people.¹ As of the last quarter of 2000, 91
businesses in Lockney, Texas had been given a credit rating
by Dun & Bradstreet according to the 2002/ 2003 Texas
Almanac. Lockney has its own mayor, Gary Marr, its own

¹Source, Texas Almanac 2002/2003

post office, volunteer fire department, its own school system, city offices, and a number of local churches. Lockney is a community that is certainly deserving of local FM service. The proposed channel 271C3 will provide additional diversity and an outlet for local self-expression to Lockney residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 271C3 can be allocated to Lockney, Texas, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates for 271C3/ Lockney are:

34 05 00 N
101 23 15 W

Should this petition be granted and Channel 271C3 be allotted to Lockney, Texas, Petitioner will apply for Channel 271C3 at Lockney and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
4553 Bordeaux Ave.
